

BRIEF PROFILE

“ENTECH LABORATORIES” is recognized by Gujarat pollution control board as Environmental Auditor (Schedule- II). The organization having team of dynamic & well-experienced Environmental Engineers, chemical engineers and other technical staff with a highly motivated and qualitative work force to keep pace with the challenging Environment and providing solution to the increasing challenges and changing complexities of today’s world for the well-being of mankind. We have established Environmental Laboratory fully equipped with all required instruments for effluent analysis of Air / Water / Hazardous Waste Samples With Consideration of Environment Challenges in current scenario & also obtained NABL accreditation for the same. our company has also obtain ISO 9001 : 2008.

Whereas our Sister concern **“M/s. Emission Monitoring Services”** is working as reputed consultant in pollution, safety & management since the last Seventeen years. The company has earned a good reputation among the client for its prompt services and satisfactorily back up. In the year 2002 we have established **common biomedical waste Treatment facilities (CBWTF) namely “E-COLI waste management system Pvt. Ltd. ” at Changodar, Dist: Ahmedabad & “ E-COLI Waste Management system Pvt. Ltd.” at Village: Asal, Tal: Bhiloda, Dist: Sabarkantha** which are unique projects for Eco friendly disposal of bio medical waste generated from various hospitals / clinics. @ **3500** hospitals/health care units are member of the CBWTF and biomedical waste is being collected by **“E-COLI Waste Management system Pvt. Ltd.”** through dedicated vehicles on daily basis and brought to facilities for final disposal. Over and above we have also established a state of art **E Waste Disposal facility** for safe disposal and recycling of electronic waste. **This is the very first E-waste recycling facility established in Gujarat state in year 2010 and that is well before the implementation of E-waste (Management & handling) rules-2011.** The facility collects various kind of electronic waste for eco friend recycling of the same. Our company has done MOU with Government of Gujarat in Vibrant 2009 Summit our is a first of its kind of project for E Waste disposal. We enclosed here with detail regarding our organization is given below for your kind reference:
